

TRANSPORTATION

A new policy has been implemented this season which limits bus transportation the school district provides for our tournaments. We have made arrangements to have bus transportation available for a limited number of tournaments, but the monies for this will be charged to our wrestling account. There is a link to the new policy on the Forms page of the website.

We will need the assistance of **ALL** parents to insure the wrestlers are where they need to be when they need to be. The wrestlers will be informed during practices each week which tournament they will be competing in on Saturday. Please be sure your wrestler knows where he needs to be.

Information regarding which events transportation is needed for will be provided on the website calendar and guestbook. Addresses for all locations are provided on the calendar and you can get directions through the highschoolsports.net link on the schedule page. It is **IMPORTANT** for you to utilize this source to stay informed regarding this.

If you have any questions at all regarding where your wrestler needs to be at any time, please contact one of the coaches for direction.
